CIU Consortium of Innovative Universities

WOXSEN UNIVERSITY

About the Global Citizenship Program:

The Global Citizenship Program is a university certificate program that invites students to cultivate an ethical stance, a critical way of thinking, and a committed mode of intervening in a world populated by others with whom we must co-create a viable future.

It emphasizes collaboration across disciplines, professions, and the human variety of cultural, political and other experiences. We welcome students from any college or major.

Whether you plan to be an engineer or an artist, head into the start-up world or go on to med school, we believe that a global citizenship orientation can critically inform both your personal life and professional practice. As a group, we will dive into the biggest questions humanity is grappling with:

How do we live with others, respecting difference without abandoning our beliefs or forcing others to assimilate to us? How do we find peaceful ways to disagree? How do we protect our planet and its non-human residents both now and for the future?

Opportunities for International Students

- Student Exchange Programs (Fall Semester'22/ Spring Semester'22)
- Short Internships
- Research Projects under the mentorship of Woxsen Faculties
- Joint Classroom Projects
- International Lecture Series
- Conferences/ Symposiums/ Success Formula Series

Woxsen-Monmouth Elevate Program
With 250+ Village Kids: Social Impact Project in line with ERS

Standard Operating Procedure

The members of the CIU agree to work on the following agenda points with measurable targets and outcomes:

Item	Description	Measurable Annual Outcome	Remarks
Student exchange	Partners will send a determined number of exchange students to the other members' campus.	6 exchange student per partner per semester to the other CIU partners.	NA
Faculty exchange/Co-teaching	Partners will send a determined number of exchange faculty to the other members' campus.	2 faculty exchange per academic year to each partner university	NA
Joint research	Partners will set a benchmark and distribution to collaborate on impact-based research at the corporate and the societal levels.	A number of working groups to be defined with measurable outcomes decided jointly	NA
COIL	COIL (Collaborative Online International Learning) will be organised by all CIU Partners.	2 COILs per academic year with each partner	NA
Conferences/events	One annual consortium hosted physically on rotational basis. Host institutions only covers the event expenses and venue. Other costs are independent to each institution	1 annual consortium online/hybrid/in person. Other regional events may be organised.	NA
Research Grants Programme	CIU partners may decide to set a joint fund for research grants to be selected jointly among all the R&D leads at their institutions.	TBD	NA
Alumni Network	Partners will organise joint global alumni activities as a single community	1 Annual event with alumni from all the partners who will develop a larger international network	NA
Executive Education	Partners will share corporate alignment to organise joint Exec Edu programs	1 joint annual executive education programme with all CIU members	NA

We will be happy to share more information about each of the opportunities:
